Describe how you create your art/craft(s) from start to finish. A couple paragraphs will likely be enough, but feel free to take as much space as you need. *

Microwaveable bowls, dishes and water bottle holders.

The bowls are made of ALL COTTON PRODUCTS...fabric, batting and thread.

I cut the fabric to the correct dimensions, as well as the batting. These are stitched together with the cotton thread. These items can be used in the microwave without fear of fire or explosion.

I pride myself on the quality of these products and have, in the past, sold many, many items of same.

I would consider it a privilege to belong to The Toledo Craftsman's Guild and look forward to it.

Thank you for considering my membership.

Ohio Vendor's License Number:

pending

Food and Beverage applicants, please enter "exempt" above. A vendor's license is required by Ohio law. The Toledo Craftsman's Guild highly recommends that all applicants and Members obtain and maintain a vendor's license, however it is not the responsibility of The Guild to enforce the license requirement. To obtain a vendor's license number, visit http://www.tax.ohio.gov/sales_and_use/registration.aspx.
